for more information
and last year's results.

While your crops are growing in the field, discover the power to grow your business. Explore hands-on field demonstrations and learn about agronomic solutions to maximize your profit potential at your local 2008 Syngenta Learning Center site.

Explore

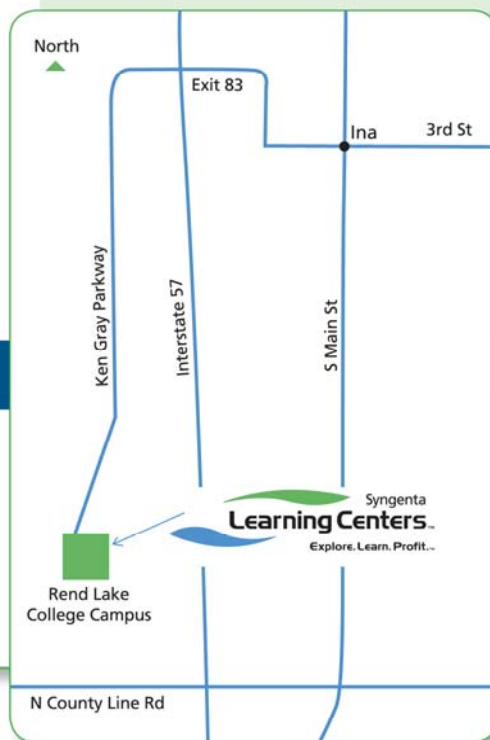

Each Syngenta Learning Center engages you to explore current trends, innovative research and new management practices with interactive training in the field.

Learn

Combine your knowledge with agronomic advice and information from industry experts to strengthen your business.

Profit

Invest your time at the Syngenta Learning Centers to gain new marketing insights to maximize your profit potential.

Directions to Ina:

Take Interstate 57 (from either north or south) to Exit 83 at Ina, Ill. Turn west (right if coming from the north, left if coming from the south), then follow the road as it takes a 90-degree turn to the south. This road (Ken Gray Parkway) will take you directly to the Rend Lake College campus and the Syngenta Learning Center.
