## Presidential Welcome

## A Message from the President

Knowledge is power, and today, data-informed decisions are crucial. Just as our students are often tasked with assignments, this Data Book contains some of the "homework" we do at Rend Lake College throughout the year.

Included here you will find information about our district, our students, our finances, our people, and much more. Looking at this information provides a lens through which we can plan for a thriving future.

Rend Lake College is your community college. We are here to help train you for your new career, prepare you for transfer to a university, expand your horizons with personal interest offerings, and much more. Just let us know how we can help you on your journey!

A handwritten signature in black ink that reads "Lori Ragland".

Lori Ragland

Rend Lake College President

## College Mission

Rend Lake College provides accessible, high-quality educational opportunities which empower a diverse student population to achieve their goals and contribute to their communities. We are committed to our students' success in achieving their academic and career goals and to meeting the workforce and training needs of our community. With Rend Lake College, student journeys start here.

## Value Statement

In serving our students and community, we are student-focused, authentic, and resourceful.

## Institutional Outcomes

Rend Lake College has adopted four essential learner outcomes, fundamental learning objectives embedded in every program of study, that all degree-completing students should be able to demonstrate. They are as follows:

**Critical Thinking:** Demonstrate the ability to think in a self-directed, reflective manner when understanding, evaluating and solving problems.

**Problem-Solving:** Demonstrate the ability to resolve computational problems.

**Oral Communication:** Demonstrate the ability to communicate clearly, concisely, and effectively through verbal and non-verbal language.

**Written Communication:** Demonstrate the ability to communicate clearly, concisely, and effectively through written language.

## Who We Are

The College history defines the College from the perspective of organization and assets; however, the personnel who operate within the college systems and manage those assets are the primary element for successful education. Rend Lake College believes all employees, regardless of their job description, are part of each student's education. Administrative, community outreach, student service, and physical plant personnel all support the student learning process. Our instructors are primary points of contact with the Rend Lake College educational experience. These educators are generally organized into four divisions: Allied Health, Applied Science & Technology, Arts & Sciences, and Community & Corporate Education.

Whether in a supporting role or as a direct point of contact, each college employee draws upon professional expertise and academic accomplishment to promote the success of every student.

## Who We Serve

Student-centered colleges are best defined by who they serve. An understanding of the distinctiveness of our College's student population allows us to effectively meet the goals of our programs and succeed in our mission.

## Diversity of Culture

Traditionally, Rend Lake College can be characterized as serving a relatively homogenous, rural, small-town culture. This population's cultural distinctiveness is centered on age and socioeconomic status more than diverse ethnic origin. As global connectivity broadens, so too does Rend Lake College's program offerings. We continue to serve groups with diverse characteristics, such as:

- Age
- Disability
- Gender
- National origin
- Race/ethnicity
- Religion
- Socioeconomic status
- Special populations

## Diversity of Purpose

Rend Lake College provides general, transfer, and career technical education to both traditional and non-traditional students through the use of reciprocal agreements; regional, state, and national education programs; dual-credit high school classes; and the endorsement of international students to help broaden our base. Rend Lake College offers skill and trade opportunities for students seeking employment and economic mobility. Additionally, Rend Lake College provides professional and personal fulfillment as well as growth through community and corporate education classes.

Often, an individual's purpose for engaging with the college is a combination of factors such as:

- Discovery / Curiosity
- Educational Requirements
- Enrichment / Hobby
- Healthy Lifestyle
- Lifelong Learning
- New / Enhanced skills
- Retraining

## Definition of Equity

Equity is the guarantee of fair treatment, access, opportunity and advancement for all students, faculty, and staff, while at the same time striving to identify and eliminate barriers that have prevented the full participation of some groups.

## Neurodiversity Statement

Rend Lake College values neurodiversity, including conditions such as autism, ADHD, dyslexia, and dyspraxia, as a crucial aspect of human variation that enhances our educational journey and community. Our commitment is to foster a supportive environment where neurodivergent individuals are acknowledged, respected, and enabled to unleash their full capabilities.

Working together, we can create a brighter future for all individuals, including those with neurodivergent conditions, by providing them with the necessary resources, support, and opportunities for success in and out of the classroom. Our commitment to embracing neurodiversity and learning more about its impact will bring positive outcomes for everyone involved.

## Common Outcome

Regardless of the diverse cultural backgrounds, purposes or origins of our constituents, Rend Lake College serves each individual equally with an open admission policy and an opportunity for success. Furthermore, Rend Lake College is united by the shared commitment of students, faculty, staff, and community to meet its institutional, educational, and program objectives.

## Data Book

The Rend Lake College Data Book is organized into nine sections: Tuition and Fees, Students, Student Demographics, Finances and Financial Aid, Retention, Completion and Graduation Rates, Student Consumer Information, ICCB Facts and Figures, Internal Affairs, RLC Foundation. An electronic version of the Data Book is available on our website at [www.rlc.edu](http://www.rlc.edu).

The Data Book is compiled by using information from the Illinois Community College Board; IPEDS; US Census Bureau; Department of Education; our internal student information system; and information collected from our division and department supervisors.

## The Students

Community colleges serve close to half of the undergraduate students in the United States. The comprehensive mission of community colleges makes them attractive to a broad range of people who seek particular programs or special opportunities of interest.

We are proud to provide access to education for many traditional and non-traditional students, such as adults who are working while enrolled. We continue to serve students who take specific courses to get a head start in their college educational goals.

Rend Lake College is a diverse institution that serves a variety of needs. Our students include those that are attending to upgrade their skills for a particular job, students who are pursuing an associate degree or certificate, students who are planning to transfer to a four-year institution, and students who are pursuing a hobby or personal interest.

## The Faculty and Staff

The faculty and staff are committed to providing the education and services that our students deserve. Students are far more than simply numbers at Rend Lake College.

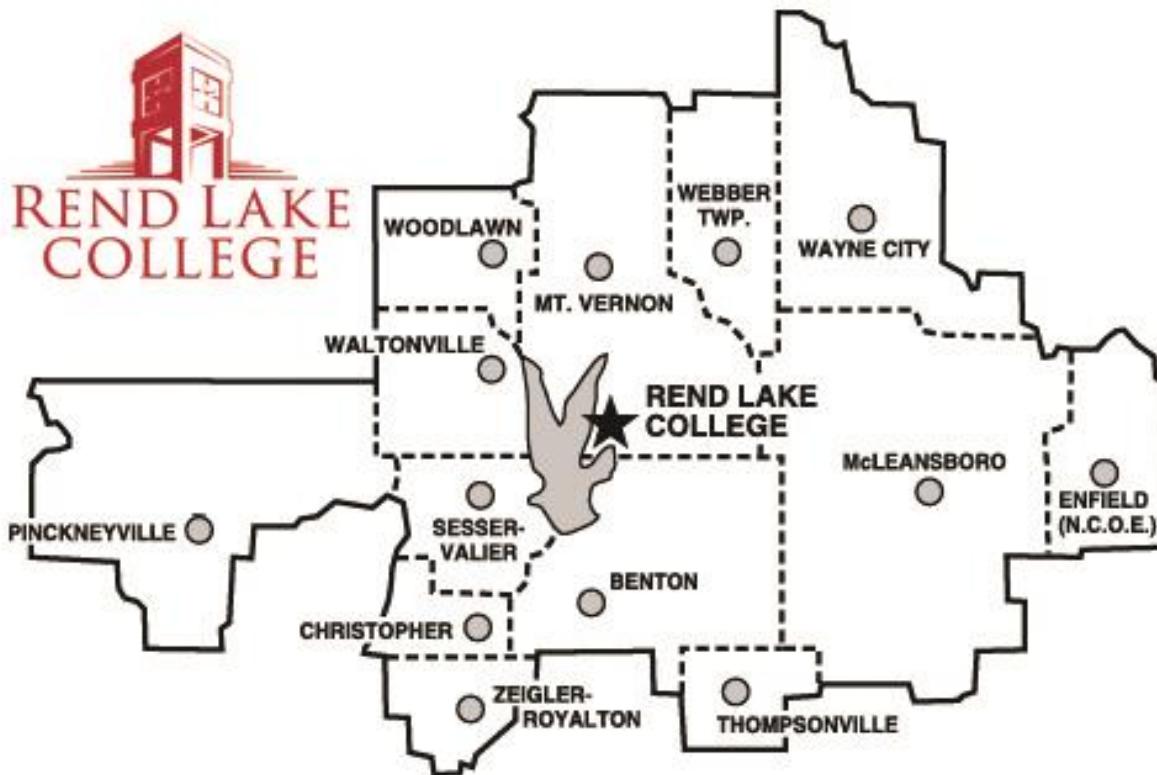

We rely on a blend of full-time and part-time faculty to offer a broad array of courses to meet varying student curricular and scheduling needs. Adjunct faculty members have been a part of our faculty due to their technical skills and practical knowledge that are beneficial to our students. We value their expertise and workplace experiences to keep curricula fresh.

Staff form the backbone of all community colleges. Without the technical, professional, and clerical staff, our institution would not be able to perform the vital function of educating and assisting our students.

## The Organization and District

The Rend Lake College (District 521) is located on the east shore of Rend Lake, the second-largest man-made lake in the state, with access provided by Interstate 57 and State Route 37. The college is centrally located within the community college district it serves.

Our district was established July 1, 1967, and covers portions of eight counties in Southern Illinois. This includes the main portions of Franklin, Hamilton, Jefferson and Perry counties; large portions of Wayne and White counties; and small, unpopulated portions of Washington and Williamson counties. The main campus is home to 19 buildings, with two satellite campuses, the Rend Lake College MarketPlace in Mt. Vernon and Rend Lake College Murphy-Wall Campus in Pinckneyville.

Rend Lake College is dedicated to providing its students with preparation for entry into the job market and a solid academic base for transferring to a baccalaureate-granting institution with the current offerings of 100+ degree and certificate programs.

There are 13 public high schools served by the college:

- Benton Consolidated High School
- Christopher High School
- Hamilton County High School
- Mt. Vernon Township High School
- Norris City-Omaha-Enfield High School
- Pinckneyville Community High School
- Sesser-Valier High School
- Thompsonville High School
- Waltonville High School
- Wayne City High School
- Webber Township High School
- Woodlawn High School
- Zeigler-Royalton High School

## COVID-19 (Coronavirus)

During the Spring 2020 semester, COVID-19, also known as Coronavirus, hit the United States and had an impact on the semester data. These impacts have been noted on each page that it has affected.

On March 13, 2020, Rend Lake College chose to close the campus for the remainder of the semester to protect its students, faculty, and staff. With the close of campus, some services on campus became unavailable and others transferred to the online community. Faculty and staff worked to make the transition to fully online for the students as seamless as possible, as well assist faculty and staff to work from home. This continued during the summer 2020 term as well.

### FALL 2020

Rend Lake College provided more options for students to attend classes in the Fall of 2020. Classes were offered as online, hybrid, and hybrid flex models. Hybrid classes were partially face to face meetings with some online, or remote style, meetings. Hybrid flex provided students with the ability to come to the campus for class or remote during class time. Advising held virtual appointments to register students while the Bookstore provided shipping of textbooks to the student. Out-of-district tuition rates were waived for all courses that included an online component.

### SPRING 2021

Rend Lake College continued to provide the same instruction as the previous semester. Warrior Sports started to open up again, more students returned to campus, and a graduation ceremony for both RLC 2020 and 2021 graduates was held.

The \$20 online course fee was waived for FY 2021 for all students.

For more information about the steps taken or what changes were made during the COVID-19 pandemic, please visit [www.rlc.edu/coronavirus](http://www.rlc.edu/coronavirus).

## **Section I: Tuition and Fees**

## Tuition and Fees

Current tuition rates for residents of the Rend Lake College district are published on our website, <https://www.rlc.edu/tuition>, and are published in our course schedules. Tuition rates are subject to change with Board of Trustees approval. Applicable fees, in addition to tuition, will also be charged to students who are associated with certain classes/programs.

In-district residents who are 60 years of age or older qualify as senior citizens, and are entitled to take college credit courses tuition-free. This does not include any fees charged for credit classes, nor does it include Community Education classes.

## Lab/Course Fees

Lab and course fees are available for viewing at <https://www.rlc.edu/financial-aid/course-fees>.

## Special Program Fees

Students in select programs will have additional expenses depending on the program in which they are enrolled. These expenses include text and workbooks, and pertinent supply fees. More information is available at [www.rlc.edu/program-cost-sheets](http://www.rlc.edu/program-cost-sheets).

## Miscellaneous Fees and Options

Listed below are common fees and not intended to be an all-inclusive list.

### Textbooks

The RLC Bookstore and Retail Store is located on the ground floor of the Academic Building. The All-Inclusive Program provides many books to students with the rental charges being included within the fees. Students have the option to opt-out of this program, but will be responsible for providing their own books. Some books for specific classes and programs are excluded from the All-Inclusive Program and must be purchased.

### Transcript Fee

Student official transcripts are \$5.25 per paper transcript and \$6.25 per each electronic transcript. All requests are processed online at [www.rlc.edu](http://www.rlc.edu).

### Payment Plan

The college does offer payment plans to students that provide a low-cost option for budgeting tuition and fees. Payments can be authorized from a checking or savings or by a credit card and allows students to schedule payments over a predetermined time period depending on when registration is completed.

### Parking and/or Speeding fines

Vehicles must be parked inside the lines of the parking space. Parking tickets are \$25. Speeding tickets are \$25 up to 5 mph over posted speed limit. An additional \$25 fine is given if speed is over 5 mph beyond posted speed limit. Unauthorized parking in restricted spaces will result in a parking ticket. The fine for unauthorized parking in a handicapped space is \$250. Speeding tickets issued within 500 ft. of posted speed limits near the Rend Lake College Foundation Children's Center will be double the ticket fees.

### Fines and Financial Obligations

Students who have past due financial obligations to Rend Lake College, including but not limited to library fines or charges, will not be permitted to register for classes or receive a transcript until satisfactory arrangements have been made to meet those obligations. Balances due at the conclusion of the semester will be considered past-due. Past-due accounts will be submitted to a debt recovery program. This may result in the garnishments of payments made to individuals with past-due accounts including, but not limited to, paychecks, tax refunds, commercial payments, and lottery winnings.

## Academic Honors

A Full-time student whose grade point average is 3.5 or better is considered an honor student. Full-time students who compile a perfect 4.0 grade point average during the Fall or Spring semester will be named to the President's List, while those students compiling between a 3.5 and 3.9 will be named to the Vice Presidents' List. A student must have successfully completed all courses during the semester to be included on the President's or the Vice Presidents' List. Academic honors are announced shortly after the end of Fall and Spring semesters.
