APPROVAL OF REVISIONS TO REND LAKE COLLEGE BOARD POLICY & PROCEDURE 3.1205 – PERFORMANCE EVALUATION AND TENURE OF FACULTY MEMBERS

Rend Lake College Board of Trustees

September 09, 2025

RECOMMENDATION: To approve revisions to Rend Lake College Board Policy & *Procedure* 3.1205 – Performance Evaluation and Tenure of Faculty Members as presented, effective September 09, 2025.

RATIONALE: The tenured/tenure track faculty seniority list is updated no later than February and October of each year as needed and requires Board approval for revisions.

EFFECTIVE DATE: September 09, 2025

3.1205 Performance Evaluation and Tenure of Faculty Members POLICY

The single most important responsibility of the Rend Lake College Board, faculty, and staff is to provide a quality instructional program designed to promote effective student learning. Excellence of instruction can be achieved when the College employs only fully qualified faculty members. Faculty members should be familiar with the best pedagogical approaches and work in an atmosphere where the freedom to teach and learn is encouraged.

Evaluation is properly a function and responsibility of the administration. This evaluation program is not intended to be a punitive instrument. The purpose of evaluation is to improve the learning process, to apprise instructional staff of their strengths, weaknesses, progress, and overall status, to determine the desirability of tenure when an individual is eligible, and to provide information for use in making personnel decisions in accordance with 110 ILCS 805/3B.

The administration has developed systematic and professional procedures for the primary purpose of assessing the quality of instruction and academic support services at Rend Lake College and to determine which instructors shall have continued employment with the College. Certain guidelines for evaluation of faculty may be set forth in an applicable Collective Bargaining Agreement.

Because tenure confers special rights and privileges on the recipient, it is the policy of the Board to extend tenure to only the most qualified individuals who are otherwise eligible. For this policy and subsequent procedures, the following definitions will apply:

- A. <u>Faculty Member</u> means a full-time employee of the district regularly engaged in teaching or academic support services, but shall exclude supervisors, administrators, and all office support and physical plant employees.
- B. Academic Support Services includes counseling and the Learning Resources Center.
- C. <u>Academic Support Personnel</u> means contractual employees including counselors and professional librarians, excluding supervisors, administrators, office support and physical plant employees.
- D. <u>School Year</u> means the fall and spring semesters which constitute the regular academic year and shall exclude the summer session.
- E. Term means the fall or spring semesters within a school year.
- F. <u>Notice</u> means a written notice delivered in person or deposited in the U.S. Mail by Certified or Registered Mail, postage prepaid, addressed to the faculty member's last known address.
- G. <u>Tenure</u> means continuous contractual employment unless dismissed for adequate cause or due to a decision of the Board to decrease the number of faculty members employed by the Board or to discontinue some particular type of teaching service or program.
- H. Full-Time Employment for the purposes of this tenure policy shall be defined as follows:
 - 1. <u>Faculty Members</u>: Faculty members must have an instructional load of at least thirty (30) equated semester hours per school year. An instructional load of less than thirty (30) equated semester hours per school year shall not be considered full-time employment. Faculty members on extended contract must have a proportionately higher load. See applicable Collective Bargaining Agreement.
 - 2. <u>Academic Support Personnel</u>: Academic support personnel must have a normal work week of at least 35 hours during the regular school year, i.e., the fall and spring semesters, but excluding the summer session. A normal work week of less than 35 hours per week during the regular school year shall not be considered full-time employment.
- I. <u>Seniority</u> means the length of continuous full-time employment since the last date of hire as a full-time faculty member. Conflicts in seniority among faculty members with the same beginning date of continuous employment shall be resolved on the basis of the earliest date on the initial contract of employment.

J. <u>Eligibility</u>: Faculty members shall be eligible for tenure in accordance with the provisions of <u>110 ILCS</u> 805/3 B-2. The Board reserves the right to extend the probationary period to four years in accordance with the Illinois Revised Statutes <u>110 ILCS</u> 805/3 B-2.

PROCEDURE

Tenure recommendation for eligible faculty and staff members shall be initiated by the appropriate dean, director or coordinator. Recommendations shall generally be submitted in writing by February 1 (October 1 for staff members hired at the start of the spring semester) to the appropriate Vice President who in turn shall generally make recommendations by February 5 (October 5 for faculty and staff members hired at the start of the spring semester) to the President for their his review and recommendation to the Board of Trustees.

The President shall generally submit any recommendations on the granting of tenure to the Board of Trustees by the second Tuesday in February (second Tuesday in October for staff members hired at the start of the spring semester). If the Board of Trustees decides to dismiss a non-tenured faculty or staff member, the Board shall generally give notice thereof to the faculty or staff member not later than sixty (60) days before the end of the school year or term, whichever is applicable. The Board may, at its option and pursuant to 3 B-2 of the Tenure Act, extend the probationary period for one additional school year by giving the faculty or staff member notice no later than 60 days before the end of the school year or term during the school year or term immediately preceding the school year or term in which tenure would otherwise be conferred. Should the Board determine to extend the probationary period for one year, such notice must state the corrective actions which the faculty member should take to satisfactorily complete service requirements for tenure, and all provisions of Section 3 B-2 of the Tenure Act shall be followed.

A list of the tenured / tenure-track individuals will be maintained by the <u>Chief Academic Officer (CAO)</u> Vice President of Instruction & Student Affairs and will be reviewed and approved by the Rend Lake College Board of Trustees <u>no later than during</u> their regularly scheduled October and February meetings.
